

0. Saturday 21st September 2024

1. 1969 Ford Thunderbird coupe in an eclectic maroon colour. This lovely late 60s American classic comes with a 429 cu-in big block V8 (7L) mated to a 3 Speed column shift automatic transmission, which produced a remarkable 345hp in its heyday. This beauty was UK registered in 2021 with the age appropriate registration of PFJ472G. The mileage is showing as 39,462 which can be seen in the photos. Being a 54 year old you can happily enjoy it being MOT and tax exempt. Overall this is a nice clean car for its age, boasting grill hidden headlights, a beautifully clean interior and only minor work required to take it to show standard. This car is ready to be used and needs a little TLC to make it really stand-out ready for the summer season.

£12000-£14000

3. 1976 Honda CJ360T in a beautiful burgundy red. Registration OBA410P, showing current mileage of 10305 miles. The CJ360T comes equipped with a 357cc four stroke, parallel twin, air cooled engine producing a remarkable 34hp. This is attached to a 5 speed manual gearbox, with a 9000rpm red line, making this a lovely bike to cruise away your

summer days on. With a total weight of only 178kg, it is easy to manoeuvre, on or off the bike. Being a 1976 motorcycle, the CJ360T is kickstart with a key, and this bike comes with 2 sets of keys. The bike was first registered on 01/01/1976, and then first registered in the UK on 01/01/2014. This motorcycle is 48 1/2 years old, making it MOT, TAX and ULEZ exempt. The current V5 is present and with us for viewing, however unfortunately we have no further historic paperwork for this particular machine. As you can see from the photos, this a well kept, clean example of Honda's CJ360T, showing only minor age related marks and is a perfect classic looking for a new owner.

£1200-£1500

4. 1982 Daimler sovereign 4.2 AUTO in gold. Registration BCL530Y, currently showing mileage of 122741 miles. The Daimler sovereign is powered by a 4235cc inline 6 petrol engine, mated to a 3 speed automatic transmission, producing 202hp and 314Nm of torque. This lovely gold classic turned 40 years old in 2022 making it now TAX, MOT and ULEZ exempt. The car comes with a large selection of historic paperwork that can be viewed at our Sheerness showroom, but isn't a complete history. Unfortunately we do not have possession of the V5 so this will need to be applied for by the lucky new owner. As can be seen from the pictures, this is a nice example of the Daimler sovereign. It is a rolling project, which starts, runs and drives, however it will need TLC to bring it back to its former 1980s glory. The car needs to be viewed to be truly appreciated.

£1500-£2500

5. 1957 Royal Enfield 250 Crusader. This Crusader 250 has recently been reprinted to its former glory. A recent restoration has provided this Enfield with a new V5, as the bikes original registration records have been lost by the DVLA, but believed the bike to originally have been registered in Derbyshire 1957. The bikes current registration is 896XVK as seen in the pictures has been declared by the DVLA on its V5 as manufactured 1960. The bike is Tax and MOT exempt and is a running working Enfield Crusader 250. There is a lot of paperwork and ephemera displaying the bikes origin and restoration process, including the 1957 instruction booklet, maintenance manual and original license plate. This is a must see bike and is looking to be rehomed and used this coming summer.

£1500-£2500

6. 1990 Ford Escort RS Turbo in grey Registration H460BKK. This is a 1990 spec restored to original condition. The engine has been rebuilt by the very same Ford mechanic who performed the first service on this vehicle at the main agent as an apprentice. All the components that were used have all been upgraded with an extent of invoices to back it up. It also has keyless entry, complete

with fob.

As said, lots has been done but to name a few, the car has had; a new metering unit, new injectors, new front floors stitched in professionally, as well as the rear arches being renewed. Seats are as new, no wear or tear, perfectly preserved.

The vehicle hasn't done 100 miles since the rebuild.

It has since been in storage for 4 years, but was regularly started. It will need a small bit of recommissioning, i.e. checking brakes before a long journey, replacing track rod ends etc, to make it MOT ready. It has also developed an issue with the cluster that will need addressing however this is believed to be a common fault through being stored for a while.

£13000-£15000

8. 1991 VW Transporter in Camo. This 1991 VW Transporter started its life as a military vehicle in Poland. This 6 seater double cab with pick up back was a well used personnel vehicle. It's 1.7L diesel engine starts first time and runs very well coupled to a 4 speed gearbox, meaning this van/camper will comfortably cruise around the country eating up the miles. Currently showing 208161 KM (not miles) there is plenty of life left in this beautiful machine. Join that to a current & clean MOT running until the end of April 2025, you can drive this away and have some lovely winter holidays through Europe of the south coast of England. The panels on the back all fold down, and the fabric top also has roll down sides for complete privacy. The fabric back is also retro fitted with led lighting to enhance that camper ability. Complete with its original Polish

passport and official polish military gun rack next to the driver, this vehicle is a great piece of history rolled into a useable everyday van/camper.

£5000-£7000

9. Grey Range Rover TDV8 Registration LD07 XOF, first registered in June 2007 this vehicle is in good condition for its age, last Moted in October 2022, with the last V5 applied for in October 2023. This vehicle is from a deceased estate, with V5 and keys present. This car starts and runs but is showing a suspension fault and has not been driven for several Months. with a 3.6L Diesel engine, leather interior and air bag suspension this car will be a comfortable drive once fully up and running. This Vehicle is being sold from its current owners property, so viewing can be arranged and collection will be arranged by appointment only.

£1500-£2500

10. Royal Enfield 350 Bullet. This motorbike has been rebuilt as a project that began during lockdown. It is now a running version of the Royal Enfield 350cc Bullet. There is no V5 for this bike so that would need to be applied for. This bike is a custom job, created with parts from the 350cc and 500cc bullet, to have a trials look, such as the wonderful

single seat configuration. This is a lovely classic that needs a new home.

£900-£1200

11. Blue Sunbeam Alpine registration MWF40F, this beautiful little car has a 1725cc Petrol engine hiding under the bonnet, First registered in February 1968 this car will be turning 57 next year. this car is in great condition for the age and has been well looked after. with the millage at the last MOT showing as only 34267. This vehicle has been kept in a locked garage for many years and not started for at least 2 years. the vehicle is ULEZ exempt, and will make a wonderful first classic or a great addition to a current collection.

£5500-£6500

12. 1947 Black Francis Barnett 98cc pedal motorcycle project & 1955 NSU Quickly 49cc pedal motorcycle project

£200-£500

13. Silver Mercedes SL500 AUTO with SL65 AMG Bodykit, Registration VF02MYC. This vehicle is a lovely sporty car with 4.9l Petrol engine, with beautiful clean interior and a fairly clean exterior. This car has almost a full years MOT until July 2025, with the last MOT Mileage being recorded as 77362 miles on the clock. This car is ULEZ compliant, first registered in April 2002, and the last keeper changed in October 2023, This vehicle is from a deceased estate with key, V5 and paperwork. This car starts, runs and drives very nice, though is in need of some electronic TLC, which can be seen during viewing.

£6500-£8500

14. Black 1982 YAMAHA XV750 SPECIAL, Registration LAE248X, this motorbike is in lovely condition for its age, This vehicle was first registered in December 1982 making this motorbike 29 years old, with a 750cc engine making this lightweight Motorcycle a Excellent example of the 80s V-Twin power and style
